

ProjectReady® Time Entry

Easily Enter & Manage Time against tasks for all your resources across projects

With Time Entry for ProjectReady Central, enter time directly against your tasks all from one place & extend that capability to all resources whether internal or external to the organization.

End the content chaos around your project & bring your systems & resources together to get clear control & visibility of project tasks, budgets, time & billing.

Features & Benefits:

One place to manage all aspects of your project - time, tasks and content

Capture internal and external consultants time in one place across projects

Marries the Task and Content Management capabilities of SharePoint with Time Entry

Simplified user experience drives user adoption and efficiency

Easily administer and review tasks and time before it goes to accounting

Address multiple ERP's as in M&A's with one process

Eliminate the cost of unnecessary licensing and modules for time entry
