

ProjectReady® Time Entry

Unify Time & Tasks with ProjectReady

Time is money, so save both with ProjectReady by capturing your teams activities in one simple form and easily review, sign off and send to your accounting system.

Features & Benefits:

Gain efficiency and drive end-user adoption by having your team go to one place, not two, to capture project activities and time

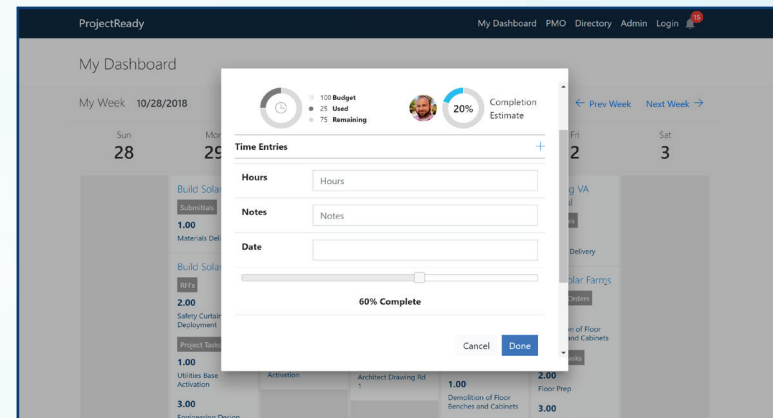

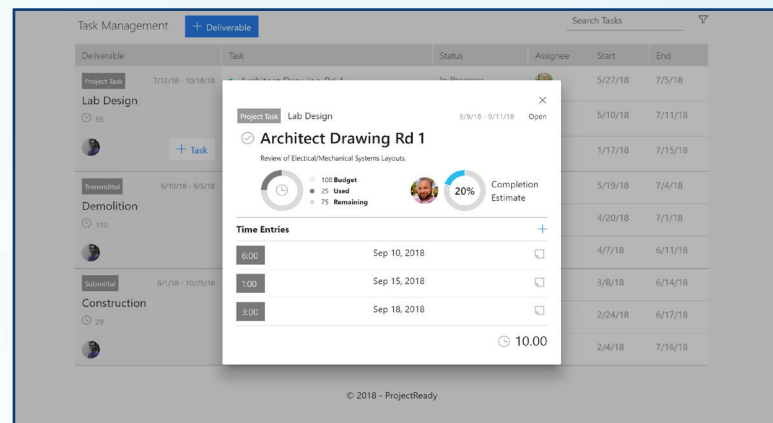

Know what you have to do, enter time and task the same way every time within ProjectReady. From "My Week" on the Dashboard or in the Project itself

Enter time and tasks on the go from your mobile device

Easily administer, review tasks and accept or reject entries before you bill the client

Simple export and integration to accounting systems

Reduce software costs driven by the expense of 3rd party modules for time entry

Simplify, Unify & Collaborate Across Your Projects with ProjectReady
